THE TEMPLE!!

The Temple is for Singing Classes.
The Temple is for Conventions.
The Temple is for Choirs.

$9 00 per dozen. Single copy $1 00.

At this season, when music teachers, choir leaders &c., are quietly making up their minds as to the best books for use during the coming musical season it is a pleasure to introduce to their notice so fresh, good and useful a book as this one by W O PERKINS, who now, by the act of Hamilton College, takes on the well deserved title of Musical Doctor. From the elegant title to the last page the space is most acceptably filled.

The Elementary Course is ample in quantity, and has numerous new tunes for practice, which practice, indeed, may extend over the whole book.

Abundance of good Sacred Music, in the form of Metrical Tunes and Anthems, fills a large proportion of the book, and renders it a good *Collection of Church Music*.

The numerous Glees and Harmonized songs add to the attraction and make this an excellent work for Musical Societies and Conventions.

Specimen copies mailed, post-free for $1 00.

STATE NEWS.

Androscoggin

Numerous pieces of railroad iron have been stolen from the Maine Central in Lewiston, and Detective Heald was recently in that city investigating the case. The thefts have been traced to a young lad who lives near the Bates street station

About six months ago a sleigh cushion was stolen from a gentleman in Lewiston. City Marshal Smith found the cushion in a junk store, Friday. It was stolen by two little girls. The junk dealer says that he refused to buy it from the girls but took it from them, and placed it in his window for identification

It is probable that a fall shooting campaign will be opened on the 20th of next month, when the State pigeon shoot will probably be held in Lewiston or Auburn under the auspices of the Androscoggin Sporting Association. A member of the association is now at Flagstaff on the Dead River, trapping pigeons. That vicinity is a great breeding ground for pigeons. They are captured with a net. One thousand or fifteen hundred pigeons are desired, if they can be obtained

The contract for laying the water pipe authorized by the late vote of the Water Board of Lewiston, has been awarded to R E Patterson, esq. The activity of the iron trade is so great that the pipe just ordered costs nearly three dollars per ton more than that ordered early in the season

Cumberland

Mr Joseph Leavitt has charge of Mr Thos L Kimball's yacht at Portland. Friday night Chas M Sawyer, a bleacher, visited the yacht at Peak's island, and about eight o'clock was anxious to go ashore. Leavitt being in the cabin told him to wait until he had finished his work when he would go with him. A few minutes after hearing a splash he went on deck and found Sawyer was swimming towards the shore. Leavitt cried out to him not to get in the eel grass or he would be drowned, when Sawyer answered back, he had got caught. Leavitt immediately put off in a small boat, but it being dark before he could reach Sawyer he sunk

Mr John Gilmore, of Bath fell down stairs last Wednesday night and cut his forehead very severely, shedding much blood. The doctor who attended him was two hours dressing the wound, which was one of the worst he ever saw

The body of the Mrs Matthews Westman, one of the party of three who were drowned in the Sasanoa river near Carlton's Ledges was found Friday morning by Augustus Palmer one of the divers on the government job just below. It was in one of the eddies and was in a good state of preservation. All of the bodies have now been recovered

A HUMMING BIRD'S NEST. Recently a humming bird's nest was found by some persons who had sufficient natural curiosity to overcome their compassion, and who captured the nest, two young hummers and the old one, took them home and had them stuffed. They are to be sent to a museum of natural curiosities in London. The nest is built on a little twig and scarcely the size of half an English walnut. Both nest and twig are covered with little patches of lichens until it is almost impossible to tell one from the other, and the nest looks like a natural excrescence on the twig. The nest is pliable, like a tiny cup of velvet and the inside is lined with a white substance as rich and soft as white silk. The little birds are about the size of bumble bees, very pretty and they sit on the perch just outside the nest with open bill while the old bird hovers over them to feed them

A NEWSPAPER PATRON. He came in with a very eager look on his face and inquired whether the publisher could furnish him a copy of the paper just sixteen weeks ago. He wanted it especially for something there was in it. The publisher is always ready to accommodate in each and proceeded to set the office boy at work to hunt up a copy of the desired date. After half an hour's search during which time the publisher had dropped his work to entertain his customer, the paper was found

Ah that's the very one I want, said he. I'm so glad you found it. How much is it?

The usual price, five cents, was the reply

What! Five cents? Five cents for an old paper? I didn't suppose you charged anything for old papers

But the publisher insisted that the paper was worth the money and the customer went off in a huff leaving the publisher to reflect upon the good sense of mankind in general and newspaper patrons in particular

EGGS FOR BREAKFAST. Heat in the oven a common white dish large enough to hold the number of eggs to be cooked allowing plenty of room for each. Melt in it a small piece of butter, break the eggs, one at a time, carefully in a saucer and slip them in the hot dish, sprinkle over them pepper and salt and let them cook four or five minutes. It is a great improvement to allow to every two eggs a tablespoonful of cream adding it when the eggs are first put in

WHAT RESUMPTION HAS DONE

We recently cited the testimony of Samuel J. Tilden virtually conceding that the honest financial policy of the Republican party has opened the way to and really inaugurated a remarkable season of prosperity for the country.

We now cite the testimony of another prominent Democrat, Abram S Hewitt, the Chairman of the Democratic National Committee in 1876 The views of Mr Hewitt, as given elsewhere, on the marked and steady improvement of business will be read with interest by all who take pleasure in the abundant proofs of reviving prosperity.

MAINE'S VIGOROUS CANVASS.

[From the N Y Tribune]

The voice of Maine ought not to be doubtful at such a time as this. Through all other trials of the Republican party, the sturdy men of that State have made its power felt always on the right side Free Soil Free Speech and Free Men they fought for more than twenty years ago, and need to fight for yet, since men do not dare to speak their thoughts with freedom in many of the States. The Union, imperishable and inseparable, they fought for splendidly on many battle-fields, but they mean to defend it yet, since the Solid South again assails it with all the old venom, and with more shrewdness than of old. The public faith, the Nation's honor, they helped to defend more than once when repudiators seemed likely to prevail but they ought not to desert the works while the foe is still in front The State of Maine has not made an effort nor cast a vote for twenty years for a reason which does not now impel it, more strongly than ever, to sustain the party of freedom, of loyalty, and of public faith

It is no secret that the Democrats are trying to capture the State by a trick "Scratch a Russian, and you will find a "Tartar," it was said, scratch a Greenback voter of Maine, and the chances are that you will find a Bourbon Democrat Yet there are former Republicans who have wandered into association with Democrats now disguised as Greenback men, and there is a possibility that their votes may prevent a Republican triumph by the popular vote, and thus give intense satisfaction and great practical aid to the worst class of Democrats elsewhere Is it not their duty to consider this immediate and certain result of the votes which some of them now mean to cast? Why is it that the Democrats are furnishing money to carry on the Greenback campaign in Maine, if they have no partisan advantage to gain thereby? Why is it that all the old Copperhead organs, whether inclined to soft money or to hard money, are now particularly anxious to help Greenback men to beat the Republicans? "A wayfaring man, though a fool, can see the reason The Democrats are hoping for a party advantage, and are trying to use the Greenback men as tools

Let there be no misunderstanding The *Tribune* does not counsel any man who wishes repudiation, or inflation, or the issue of "fiat money," or the repeal of the Resumption Act, to vote with the Republican party in the hope that in its hands he will get his wish We believe and hope that he will not If any man really means to attack the public credit, to break down the policy which has already brought such revival of business to nearly all the States, and to subordinate all other convictions principles and considerations to that one aim, he ought to vote the Bourbon Democratic ticket, for that is the only party which has any power to promote his desires. The Greenback party is as empty as a last year's bird's nest It had force and pith, when resumption was still in the future, and men could say with a straight face that resumption would bring ruin But that day has gone and with it the party which sprang from the fears of men To-day any man knows that he lies who asserts that specie resumption has not already brought marked revival of business in almost every branch, greater employment and better wages to labor, and a stronger feeling of hopefulness and confidence than the country has seen until this year at any time since the panic With the fears and distresses, the party of fear and distress has vanished. The Greenback party in Ohio, in Indiana, in Michigan in Pennsylvania or in New York, is an exploded fire cracker, all the strength is out of it, and nothing is left but some ashes and shreds, and a bad smell The possibility of that party's attaining any share of power in the future, every intelligent man knows, vanished with the success of resumption and the revival of business.

Maine has not felt, as yet, the full force of the improvement which crowds the shops and the markets of other States. But the people of Maine did not feel the effects of the panic until 1873 had passed. Their industries are solid, enduring, slow to yield to disaster, and slow to improve with reviving prosperity, and yet the recovery has begun in that State also. If it had not, should Maine lack the patience, integrity and firmness that Ohio and Illinois have shown? Those States suffered first, and were first to meet the assault of the repudiating spirit which disaster engendered Their honesty has triumphed, and the recovery of prosperity is all the sweeter because men feel that it has been well earned by fidelity Does Maine wish no share in that triumph? We do not believe that the Republicans of Maine can be defeated by the combination formed against them, but if the issue rested with the impatient, disappointed, and disheartened Greenback men themselves, might they not be expected to remember that a man of Maine should have as much patience, intelligence, endurance and honesty as the men of any other State?

Even the Cincinnati *Enquirer* (Inflation-Democratic) whose stock of political argument has consisted largely of lamentations over the business condition of the country, admits that it must change its tone, and says "The country is to be congratulated that, after all the sad experiences it has gone through on account of the criminal financial blundering of Republican party administrations, it can begin to see the daylight of prosperity."

"Tom" Plaisted, as he is endearingly styled by the *Commercial*, has again made himself ridiculous, as we expected he would. He challenged Gen. Hall, at Etna, to meet him in discussion at Lincoln. Gen. Hall replied that Plaisted was aware that his time was all assigned and advertised, but he would be glad to arrange with his committee to accept Plaisted's challenge for some one of his Somerset appointments. Gen. Hall has designated St. Albans and named the date, and now Plaisted declares that Gen. Hall issued the challenge and must allow Plaisted to arrange the discussion to suit himself. We thought that Gen. Hall too readily waived the distinction between an able speaker and Mr. Plaisted in paying any attention to his challenge, and his miserable pettifogging warrants the General in treating him hereafter with the silent contempt that he earned at the outset.

The *Commercial* gives editorial prominence to the following

The farmers of Maine don't know any more about finance than a cart wheel. —Hon. W. P. Frye.

Mr Blaine has made a speech in Augusta in which he said "The entire 43,000 voters who voted the Greenback ticket last year are so poor that if a western steamboat was selling for a cent they could not buy the pilot house

The *Commercial* is not only fond of lies, but it takes a special pride in printing them after they have been thoroughly exposed. Neither Mr. Frye nor Mr. Blaine ever made such statements and no decent paper would print such miserable falsehood But Democratic and Greenback organs are not expected to be decent.

A RAGING SOREHEAD.

JOHN B FOSTER'S CHRISTIAN TALK.

Lagrange, Aug 25, 1879.

Mr. Editor Perhaps your readers would like to know what kind of stuff the Greenback orators are giving their country hearers

John B Foster, in his speech here, told us that resumption was a failure and a fraud! We knew, and of course he knew, that he uttered a bold, bad lie

He said that by the law no bank was obliged to pay specie. He knew that the half truth was a whole lie, and that no bank in the country would refuse to pay coin when desired

He said he could not understand how a Christian man could approve Republican principles Some of us thought it was not very strange that he could not understand the ways of Christians. He told us to go home and read our Bible, and see if in Christ's teaching anything could be found approving oppression of the poor. He did not tell us to read and see if the Scriptures approved of dishonesty and repudiation.

It was a powerful entertainment when your great man proceeded to demolish Senator Blaine! He said "when one of our Senators introduced a resolution expressing satisfaction at resumption I was reminded of Nero rejoicing over the destruction of Rome!" We country folks thought that rather a high flight even for such a Christian statesman.

He also felt called upon to justify that little temperance speech of his, in which he put Gov. Garcelon and Sheriff Stratton in so tight a place, but when he opened his abuse upon Paul R Seavey, because that earnest temperance reformer has raised his voice for the Republican party, we thought your Mr Foster made a more pitiable exhibition than when he was defeated as a ward candidate last spring

If the Greenbackers will send us more such speakers, the respectable and intelligent people of this town will give an old-fashioned Republican majority

A COUNTRYMAN.

THE BUSINESS PROSPECTS

The following paragraphs, embodying the opinions of Hon Abram S Hewitt in regard to business prospects, are well worthy of public attention

"The revival of the iron trade," said Mr Hewitt, "is the legitimate result of the revival of business generally In February I said in Congress that as soon as we came down to a basis of solid values—that is values measured by gold—we should have prosperity The trouble was not that there was no money There was plenty of capital but there was a lack of confidence. Capitalists were afraid to invest their money when we had a depreciated and fluctuating currency. Now that values are fixed, an era of prosperity begins. Railroads are being constructed, factories built Western settlements are rapidly springing up, and long hoarded capital is again in circulation In short, there is a general increase of prosperity

A revival of the iron trade never precedes, but follows, a revival of general business Iron is needed to carry out the revival When an era of prosperity begins when trade revives, and great enterprises are planned, iron is needed to carry on the work Hence the revival of the iron trade is proof positive of a genuine revival of business generally. The evidence is this Every iron works that kept at work during the period of depression is now overrun with orders, is working at its full capacity and unable to fill its orders Others that had to stop operations, are now going to work again The raw material for making iron ores, pig and scrap iron has advanced from ten to twenty five per cent Coal alone has not advanced The reason is unusual It is because the producers have a capacity for putting coal on the market far in advance of the demand, and not warranted by the condition of things Hence coal can't go up

"Gray forge pig iron, the standard pig iron has advanced from $14 to $17 a ton and there is a demand for all that can be made But the price will not go up much higher, for the reason that, if the price goes up, then foreign iron will be placed on the market We are now importing iron in the form of steel and iron rails and old rails The great demand for iron has stripped the country of the immense stock of old rails that had accumulated in the era of depression. Old rails are used, you know, for working over, and are made into new iron. Most of the material used on the elevated roads is made from old rails

"The only question is whether the prosperity will continue. It is bound to continue, I think, but we shall have no era of high prices, simply a healthy, remunerative business, with moderate prices, that will enable consumers to go on with their enterprises. This is true prosperity High prices check progress. We have got to that stage when everything will go on without an era of high prices. I said that many iron works were again beginning operations. This relates primarily to blast furnaces. But the furnaces that are again going into blast are those that can make iron cheaply. Those that from their situation or any other causes cannot make iron for less than $15 a ton cannot go into blast. This country can now produce about 4,000,000 tons of pig iron, 2,000,000 of this can be made under $15 a ton, the other 2,000,000 cannot be made for less than $20 Now, pig iron can't go above $20; when it does the importer steps in. Why, I can import first grade gray forge iron for $19, paying a duty of $7. So you see gray forge iron can't go above $19.

"Now, a word about the duties on iron On pig and scrap iron, steel rails and many kinds of manufactured iron they are excessive; $7 is too much to pay on pig iron. But they have conferred one great benefit. It is that in this era of depression they have prevented this country from being the sink into which the iron of other countries could be flung. Had the duties been low enough, the importations of iron would have destroyed our business and closed those establishments that have just been able to keep above water and are now to reap the advantages of this renewed prosperity. Duties, in my opinion, ought only to take effect in periods of extreme depression. Then they protect our home industries. But there should be a sliding scale, and with the return of prosperity the duties ought to decrease, and when iron is worth $20 then they should be taken off entirely. Thus the consumer will be protected, and will be able to buy his iron at a reasonable price.

"But, as I said, there is no doubt that we are beginning an era of healthful prosperity. Nothing can check it. We are the granary for the world. Our crop this year is enormous. Industries thrive. Last year we put down over three thousand miles of railroad. This year, it will be 4,000. Many iron manufacturers who were able took advantage of the period of depression and rebuilt their furnaces. Under the most improved plans iron can be made as low as $13 a ton. The profit of $4 on a ton is not great, but it is remunerative, and so the outlook is encouraging.

The Tribune characterizes Senator Lamar's silence about the Yazoo business as a case of political lock jaw.

MAINE POLITICAL NOTES.

Hon. W. P. Frye addressed the citizens of Elliott, Saturday night, and received a most enthusiastic reception.

A grand Republican mass meeting at Phillips, Saturday, was addressed by Senator Hamlin and Hon. J. C. Burrows.

A large and enthusiastic young men's Republican club, has been organized at Leeds.

The Republicans of Morrill's Corner, Deering, have organized a strong and active Davis club.

The Republicans of Sidney are to have a grand mass meeting next Thursday afternoon, when they will be addressed by Senator Blaine.

Hon. Wm. McKinley, jr, of Ohio, closed at Camden, Saturday night, a series of speeches in Knox county. He will address the Republicans of York and Cumberland counties this week

C. T. Blaisdell, of Lewiston, a Democrat of thirty one years' standing, announces through the *Kennebec Journal*, that he has abandoned the Democracy. Truck and dicker are too much for him.

A member of the Oxford county Greenback committee takes the stump next week for Daniel F Davis. Reason—can not stand the sell out to his old enemies the Democrats. He is but one of many in his town who hold the same opinion.—*Portland Press.*

The organization meeting of the Campaign Club was a grand success The large attendance and enthusiasm of those present indicates a strong revival of Republicanism in this town, and if the same feeling animates the entire party throughout the county and State the result of the coming campaign is settled in advance —*Aroostook Valley Sunrise*

A Farmington correspondent of the Lewiston *Journal* says that in New Vineyard, a strong Democratic town heretofore, in one locality a man and his son who have been Democrats are going to vote the Republican ticket, and they report that eight or ten other Democrats in that vicinity will do likewise In Chesterville three men who have not voted for five or six years will vote this fall for Davis. At Farmington Falls several Democrats will vote for Davis.

The *Aroostook Valley Sunrise* says of the address of Hon. F. A. Pike at Fort Fairfield "Hon. F A. Pike spoke to an audience of over 700 attentive people, gathered in Taylor's New Hall in this town last Thursday evening. The speech was in every way worthy of Mr Pike, and so the people evidently felt. Notwithstanding the uncomfortable weather, the Hall was crowded to its utmost capacity, and the effect of the Hon. gentleman's keen and exhaustive speech was marked with frequent applause. To old time Republicans Mr. Pike's appeals were irresistible. The best of feeling prevailed, and the opening gun of the campaign for the Republicans was a token of certain victory"

Kennebec county is making rousing progress for the Honest Money ticket. Recruits are coming in every day from the Greenback and Democratic parties. The letter of Wm R. Smith, Esq, Treasurer of the Augusta Savings Bank, has proved a bombshell in the fusion party It is making the splinters fly fearfully from the Greenback tub. It was entirely unexpected, although it was well known that Mr Smith was opposed to the Greenback doctrines and very indignant about the selling out of the principles and organization of the Democratic party It is estimated that the Republican majority in Old Kennebec this year will not be less than 2000 votes Gains enough can be counted up already in the various towns to bring the majority close up to these figures —*Kennebec Journal*

P G White, Esq, writing to the Boston *Post*, from Bangor says "The attitude of the Abbott Democracy in Massachusetts represents precisely the feeling and purpose of the conservative Democrats in Maine. They mean to stand by the Democratic party and its organization in the contest and let men who voluntarily take their places in the Greenback ranks and declare themselves Greenbackers, and work for the success of the Greenback ticket, take the consequences. Such men are no longer Democrats, and will be entitled to no further consideration in Democratic councils Men who advise Democrats to vote the Greenback ticket are the image breakers of the party, bent upon its destruction and hopeful that out of its ruins may be builded something of value to themselves" The correspondent bears witness to the interest and enthusiasm manifested in the Republican meetings as something quite unknown in the last campaign, and adds that the meetings are not only well attended but the audiences are exceedingly respectable and intelligent.

The artist who designed the cartoon of "Solon's Steers" has issued a supplementary picture even more striking It represents the steers "On the Home Stretch" On the Democratic bull is seated Pillsbury holding in his hands a rope attached to a ring in the nose of the Greenback steer, which latter is ridden by J. L. Smith in an excitable and uncomfortable way, while Solon is wielding the brad with great vigor Under the yoke is the "Fusion Ring," and the object of the race is announced "Pillsbury for the U. S. Senate." The likenesses are excellent and the cartoon illustrates the situation in a most striking and effective way.

N. K. Sawyer of Jacksonville, Fla, formerly editor of the Ellsworth *American*, who was a Greeley man in 1872 and a Tilden man in 1876, writing to a friend in Maine, urges his acquaintances to support the Republican ticket He says

"While I am not what is termed a 'bloody shirter,' I unhesitatingly say that the time has not yet come when it will be safe to turn over the legislation of this great nation to the Democrats. It will be bad all around. It will hinder immigration. It will retard the substantial progress and the peace of this portion of the country. I regret to add that within a few weeks bands of white Democrats in several counties in this State have perpetrated outrages on some colored people that would disgrace Comanche Indians. It is this lawless spirit of the worst elements of the Democratic party that that party and the South has most to fear. This element will possess the secondary class of offices, will give tone and character to the party, for it is the noisiest and the most active."

Gov. Blackburn of Kentucky has been heard from, with regard to the charge that he plotted, during the war, to spread the yellow fever and small pox through Northern cities by distributing infected clothing. He declares that "a physician, by his knowledge of disease and medicine, has the same right to slay an enemy as a general has with his army and ammunition." This is as cold-blooded a defence of an atrocious plot as could well be conceived. Blackburn is a nice man for a Democratic Governor of a Democratic State.

The Democratic newspapers are not quoting from the Boston *Herald* to any appreciable extent now-a-days. Political matters have taken a different turn in Maine lately, and the *Herald* is wise and observant enough to see it.—*Concord Monitor.*

It is an unfortunate circumstance that both the Chisolm and Dixon tragedies were committed after, and in accordance with, advice from eminent Democrats. In 1875 Senator Lamar, referring to the gentle manners, the charity and ability of Judge Chisolm, said: "So much the more need to get rid of him; so much the more harm he can do." The people of Kemper county acted on the hint and killed the Judge and two of his children. A short time ago Congressman Singleton urged the Yazoo people "to nip the Independent movement in the bud," and the murder of Capt. Dixon was the response to this appeal. —*Boston Journal.*

WOUNDED KALLOCH.

HIS CONDITION MONDAY.

San Francisco Quiet.

Pulpit References to the Affair.

SAN FRANCISCO, Aug. 23. Considerable prominence was given to the shooting of Kalloch in the city pulpits yesterday. W. E. James of the Green street Congregational church treated it at length. His general conclusions were that Kalloch, whatever his faults might be, was a man of generous impulses, that the attack upon him was cruel and cowardly and that the Chronicle has flourished in the city is evidence of a low stage of civilization. Rev. Horatio Stebbins of the First Unitarian church formulated the idea that society is disgraced by want of dignity of mind and strength of heart on the part of both preacher and publisher who heaped abuse on each other until the truth of it gets beyond endurance, when one retaliates with the assassin's hand for what he could not bear in the same kind he had given. Kalloch and De Young were not representatives of parties or principles and the quarrel was purely personal.

Newspaper Comments, Etc.

From various points in the interior come expressions of private and public opinion condemning the De Youngs for the course pursued by the Chronicle and the subsequent attack on Kalloch. Similar reports come from Oregon and Nevada.

The call this morning compliments the workingmen for their moderate action and Kearney for his prudent course. The Alta further considers the tragedy and emphasizes its previous condemnation of De Young

The Chronicle claims that the articles against Kalloch were published from a sense of duty and repeated in substance the ideas conveyed in yesterday's articles.

Kearney's Address.

NEW YORK, Aug. 25. San Francisco despatches say that Kearney's address at the Sand Lots Saturday night was one of the few shrewd things he has done. He hates the De Youngs and would like to see them hung, but decided to defer the vengeance for which he longs in hopes that the workingmen may carry the approaching city election.

Kalloch's Vitality.

General McComb, who has charge of the militia, is also editor of the Alta Californian Surgeons state that Kalloch shows the vitality of a grizzly bear. He was shot with heavy slugs but did not fall. He walked back into the Temple. He has thus far shown remarkable strength and has not been unconscious. He slept several hours during the night. Mrs. Kalloch and his son, who is a preacher in Sonoma county, are with him. The workingmen were carried away with the speech of Kalloch's son made to them, and proposed to nominate him for Mayor if his father dies. The city is perfectly quiet, and no further disturbance is apprehended.

Kalloch's Condition.

SAN FRANCISCO, Aug. 25. This afternoon the leaders of the Workingmen's party held a conference with Kalloch's medical attendants to consider the expediency of putting another man in nomination for Mayor. The physicians say there is nothing in the condition of Kalloch to render such a course necessary and intimate the probability of his early recovery.

De Young's Arraignment.

De Young was brought before the Court and waived an examination, being held to answer to the charge of assault and murder without bail.

Stronger Hopes of Kalloch's Recovery.

SAN FRANCISCO, Aug. 25. The excitement of the past few days has toned down to an interest in the result of Kalloch's wounds, and the universal inquiry on the streets is as to his condition. This afternoon there was a decided change for the better noticeable, and the physician's express the opinion that there is a strong probability of his recovery.

The Workingmen's Talk

Notwithstanding the favorable symptoms there is still a good deal of talk among the workingmen as to the course to be pursued in the event of a fatal result from the wounds. Among the rank and file there is a strong desire to put up Kearney for mayor should a change be necessary This desire is shown neither by Kearney nor his friends and it may be considered as certain that nothing of the kind will be done.

Vigilance Relaxed.

At the police station vigilance has relaxed during the day and only a few officers are on duty and a few militia men. The Workingmen's specials sworn in to make sure that De Young should not be spirited away still remain on duty.

No Crowds

A crowd lingered around the Metropolitan Temple all day, but otherwise there have been no street assemblages except around the bulletin boards.

LOCAL MATTERS.

Hon. D. F. Davis was at the Exchange yesterday on his way to Ellsworth.

Anodyne has gone to Portland and will trot during the races at the State Fair.

Fourteen young men residing in this vicinity left here last week for the West.

A large flock of sheep and a small drove of cattle passed through the city yesterday.

Considerable repairing and fixing up is now being done about many of the residences in the city.

Gen. Thomas W. Hyde and family were at the Bangor House last evening on their return from Moosehead Lake.

Last evening we received a pleasant call from E. W. Haycock, Esq., of Calais, our correspondent "S." in that city.

The Mt. Washington railway took over $2,000 last Wednesday and Thursday from receipts of passengers' fares.

His Honor Mayor Brown has received a despatch from New York, informing him of the arrival in that city, of Mr. J. L. Stoddard and party.

An old farmer at Lincoln, last Friday, said he was asked by a man how they got along making Greenbackers in his town? His reply was: "We have got through making Greenbackers, and are making come-back-ers now."

A brief list of letters advertised yesterday morning in the WHIG as remaining in the Post-office uncalled for, contained the following odd names: White, Brown, Green and Gray, represented the colors, while others bore the suggestive cognomens of Loud, Sharp, Small, Hasty, Trusty and Hack.

Mr. C. A. Colburn, of Houlton, is in town for the purpose of securing the services of some carpenters to work on the burnt district in Houlton, which is to be rebuilt. The Custom House, Post-office, several stores, dwellings, and livery stables will be commenced at once. Some forty or fifty carpenters will be employed.

FOR NORTHPORT. Notice is given elsewhere that the barge Clifford will make an excursion to the Northport Campground on Wednesday, Thursday and Friday of this week, leaving her wharf in this city at eight o'clock in the morning and return at the close of the afternoon service. The fare for the round trip is twenty-five cents.

TEMPERANCE RALLY. Tuesday, Sept. 2d, there will be a grand temperance rally at Copp's Grove, Corinna. Some of the best talent in the State will be present and a big crowd will probably be in attendance. An excursion train will be run from Waterville and the low rates secured ought to assure a good attendance. The fare from Waterville is only $1 10, same from Bangor. Newport and Dexter thirty cents for round trip.

CHEAP EXCURSION TO QUEBEC AND MONTREAL. The Grand Trunk Railway Co. are making preparations for a cheap excursion to the above points, at rates to suit the times. Prices will doubtless be less than single fare for the double journey and a large number will probably be attracted. Due notice of date will be given in our advertising columns in a few days.

DEATH AT ENFIELD. *Mr. Editor.—It is* with the utmost sorrow that I announce the death of James D. Skillen, after an illness of only a few days. The death of Mr. Skillen causes "Crystal Fountain Grange" to lose one of its most worthy and efficient officers, and Enfield a prominent and respected citizen. He leaves a wife and two children who have the heartfelt sympathy of the whole community, in their sad bereavement.

EXCURSION TO CARIBOU. This morning there will be an excursion from this city and vicinity to Caribou, to accommodate those who wish to attend the annual session of the Penobscot Baptist Association at that place. The E. & N. A. Railway Company have issued tickets that will be good to go to-day and good to return for one week, for five dollars for the round trip. Passengers leaving here in the morning will reach Caribou in the evening

A SEAL IN KENDUSKEAG STREAM. Yesterday a large seal made its way up the Kenduskeag, going as far as Morse's mill, when it turned about and made for the river again. It first attracted the attention of a lot of boys who were playing near the stream and they called the attention of some men to the monster, as they were inclined to be rather frightened of it at first. The men watched it as it slowly made its way up the stream as far as the dam, where it was obliged to turn and retrace its course to the river.

ADVICE. The last number of the *Sea Breeze* contains the following advice to the new comers at Northport. "Leave your store clothes at home, fine airs ditto; don't go clamming at high water; be careful of 'crabs' when rowing your sweetheart, the early bird catches the toothsome tinker, say good bye to feather-beds, prepare to go to the wharf on the arrival of every steamer, don't bring any work with you for you won't do any; it is high water twice in twenty-four hours; if you are afraid of getting wet don't go in bathing."

FRUIT. The markets are now filled with delicious fruits and prices are very low. A dessert of fruit after each meal is conducive to a healthy action of the digestive organs and is very agreeable to the palate, as well. Good peaches are sold at fifteen cents a quart and ten and fifteen cents per dozen. Fair Bartlett pears sell at fifteen to eighteen cents per dozen. Splendid grapes are sold for twenty-five and thirty-five cents a box. Good eating apples are abundant at low prices. Large watermelons are sold for fifteen and twenty-five cents each.

FIVE DAYS COMING FROM BAR HARBOR. During the recent storm one of the citizens of Brewer, whose daughter was stopping at Bar Harbor, received a despatch informing him that the young lady had gone out in a boat the night before the storm, with some other lady friends, and that nothing had been heard from them. The gentleman at once left for Bar Harbor and when he arrived there learned that his daughter had started for this city on a small schooner, instead of a sailboat. He returned home again and the young lady soon arrived, the schooner being just five days getting up from Bar Harbor, on account of the rough weather.

NOT MUCH OF A TRAMP. Last evening the residents of Center street saw a man traveling back and forth in rather a suspicious way, and as he kept it up until a late hour some of them went to Marshal Reed's house and called him out of bed to take charge of the fellow. Mr. Reed soon started out and after hunting some twenty minutes he found a green Irishman hiding near a barn on the street. The fellow never had much sense and what little he did have were about frightened out of him when he heard the Marshal coming after him. The fellow had wandered up in the vicinity and was unable to find his way back, and Mr. Reed brought him down town and sent him to a house where he had been stopping since he arrived in the city.

The second match game of base ball between the "Corinna Blues" and "Dexter nine" resulted in a victory for the Corinna boys. Score fifteen to eleven. Game played in one hour and forty minutes.

RATHER A HARD CASE. Last evening officer Nickerson met a woman on the street and as she wanted to find a place to stop over night, he told her that she might remain at the station house if she desired. She seemed to be an honest appearing person, but evidently a little unsound in mind. According to her story she was first married when only thirteen years old and lived happily with her husband until he come to his death, by a drowning accident. Four years ago she was again married and after leading a miserable life for some years, as her husband was cruel to her, she was left a widow a second time. After the death of her second husband, as he left what property he had so that she could not get it, she sold her furniture and came to this city, hoping to find a brother here. She arrived here Saturday and endeavored to find this relative, but was unsuccessful in her search. On Sunday she visited the jail with some other persons, and while there she claims she lost her wallet containing fifty-eight dollars, which is about all the money she had, and has heard nothing from it since. She informed the officers that she intends to go to Lewiston and work in the factory, and is waiting here for a friend who is going with her. The woman is one of the smallest specimens of humanity we have seen for some time, and according to her statement weighs but fifty-five pounds and is twenty-nine years old.

Police Court

In the police court yesterday Charles Hanson was arraigned for drunkenness and fined $3 and costs and in default of payment he was committed to jail.

A MYSTERY.

SHOT AT IN THE NIGHT.

Two Men Discharge a Pistol at a Young Man by the Name of Jones.

Sunday evening a young man by the name of Nathaniel Jones accompanied a young lady home from church and after leaving her at the house, which is located some distance down the Hampden road, he started to return on the railroad track. When he got up as far as the bridge that crosses the road, he saw two men down in the direction of the ship-yard, and one of them called out for him to stop. He asked what they wanted and one of them replied, "I will tell you what we want," and at the same time he discharged a pistol at the young man.

Jones said he heard the bullet whistle past him and then he ran down into the road and went to the house of a Mr. Murphy near by, and after arousing him he gained an entrance to the house. Some ladies in the neighborhood heard the shot and looked out of their window and say that they was two men come up under the bridge, and heard one of them say "He must be hiding here and we will soon find him." Jones remained at the house of Mr. Murphy all night and returned home Monday morning.

As yet the affair is a mystery. It is well known that there are a great many tramps in the city, but why they should shoot at this man in the dark, without seeing whether it was a person that would be likely to carry any money with him, is more than we can tell.

THE STOCKTON FIRE.

The Buildings Burned and the Amount of the Loss.

Mr. Editor. About half past one o'clock Monday morning a fire broke out in the store owned by A. Dickey and occupied by W. F. Griffin as a grocery and hardware store. This building and contents were entirely consumed, loss on building $1500, no insurance. The stock was valued at three thousand dollars; insured for two thousand.

The fire then communicated to the store owned by the Penobscot Savings Bank and occupied by C. C. Roberts as a grocery store. This building was entirely consumed together with a large part of the stock. Loss on building $2000; insured for $1500. The stock was insured in the Royal of London, and Pennsylvania.

The fire also spread on the east side to the store owned by B. M. Roberts and occupied by him as a dry goods and grocery store; by L. M. Patridge as a law office. L. S. Griffin barber shop and the Pownal Lodge of Masons. This building was also entirely consumed with most of its contents. Loss on building $4000; B. M. Roberts on stock $6000; Pownal Lodge $250; no insurance on lodge regalia and property. Building insured for $2,500; stock insured for $4000.

The Late Henry Dutton.

This, the last of the sons of the late Samuel E. and Marcia Dutton, died in San Francisco, Cal., July 23, 1879. He was born in Bangor, April 17, 1810, and was in business in this city until 1850, when he went to California. He became connected with the Hammond Street Society at its organization in 1833, and was prominently identified with its interests while a resident here. He, with two brothers and a sister, and sixteen others, united with the church in June, 1834. When he went to California he first engaged in mining; afterwards he was a farmer and the owner of a flour mill in San Francisco; from 1853 to 1867 he was in the hay and grain business. A notice in *The Pacific*, says of him:

"In 1863, he aided in organizing the Firemen's Fund Insurance Company, was elected its Vice President, and continued a Director till the time of his death. He was one of the organizers of the Farmer's and Mechanic's Bank, and was its first and only President. He was a man greatly respected for his business capacity. He was a member of the Vigilance Committee in 1856—the only time that he was ever known to carry a revolver. In politics he was a pronounced Republican from the organization of the party, but he was twice—in 1863 and 1864—sent to the State Legislature by the 'People's Party'

"He first in this city, joined the Calvary Presbyterian Church; but soon after, in November, 1856, became a member of the First Congregational Church, Rev. Dr. Stone, in whose communion and service he continued until through the dark valley he passed to the communion of saints above. He was Chairman of the building committee having in charge the erection of the beautiful church edifice in which his funeral services were held. For years he has been the Agent of the American Congregational Union in California, and has also for many terms faithfully served as Trustee of *The Pacific*. For a year past he has been failing, and for the last five months has been confined to a couch of pain; but his death was peaceful. Said one of him who knew him well: 'His prevailing characteristic was the recognition of duty.'"

In 1838, Mr. D. married Frances Cushing Stevens, a sister of Gen, Joseph C. Stevens, who, with four sons, survives him.

A Drunken Time.

Last Friday, a large excursion went to Portland from different towns on the Maine Central, and went out to Old Orchard. In some way many of the excursionists got hold of liquor—probably they carried it with them—and when the train was waiting in the Maine Central yard in Portland, just prior to the return trip in the evening, quarreling began among a number of the men in one of the cars. They finally arose in their might and had a regular fight in the car. A portion of the crowd drove a majority out of the car, and, in the furious fight that ensued, broke out all the panes of glass, and tore up seats and inflicted a good deal of damage.

After being driven from the car a portion of the men began to fight among themselves in the yard. Stones were thrown with a perfect looseness, and whatever sticks could be found were used for clubs. Word was sent to the police station, but in the mean time Detective Heald and Officer Langmaid had succeeded in clearing the roughs out of the car, of which they had taken possession, and the men sought places elsewhere in the train, being quiet by this time, the liquor having apparently spent its effects.

In the melee several men were badly cut by glass, stones and clubs, but managed to go on with the train. One man from Waterville, however, was very badly cut and injured, so much so, in fact, that he had to be taken into Baker's saloon, when a physician was summoned, who dressed his wounds.

The man supposed at first to be seriously hurt is a Mr. Shaw of Waterville. His injuries are not dangerous.

DROWNED WHILE BATHING

Sad Death of Two Young Girls

A general feeling of sadness was cast over the citizens of Lincoln, last Sunday, by a terrible drowning accident, by which two young and interesting girls came to an untimely end. It seems that these two girls whose names were Matilda Sherrard and Hattie Hamilton, aged about fifteen and sixteen years, respectively, went in bathing, and as the former got in beyond her depth she called upon her companion for assistance, and while endeavoring to render some aid she also went into the water over her head.

They cried out for help and some friends soon reached the shore, but they were unable to rescue them. It is said that the Hamilton girl, when she found that it was impossible for her friends to reach her in time, bade farewell to a little brother who was on the shore when the accident occurred. Her body was recovered before life was entirely extinct, but all efforts to resuscitate her were unavailing. The remains of the Sherrard girl were recovered later, and the funeral will take place to-day.

The accident occurred in the Penobscot river, not far from South Winn.

FROM DEXTER.

Soldiers Reunion—Camp Fire—Grand Ball—Fire—Buildings Fall Into the Stream—Narrow Escape—Incendiaries Suspected

DEXTER, Aug. 25th.

To the Editor of the Whig & Courier

All attention here now centers upon the reunion of the 14th and 24th Maine Infantry, and 2d Maine Cavalry Association, which is to occur in this place, commencing to-morrow evening, and concluding with a grand military and civil ball Wednesday evening.

The guests from abroad—Boston and elsewhere—will arrive on the train to-morrow evening, accompanied by Maplewood Band, where they will be met at the depot by H. F. Safford Post, G. A. R., and Dexter Light Infantry, with Dexter Band, and escorted to Town Hall, where a camp-fire will be held, under the auspices of H. F. Safford Post, G. A. R. The table will be laden with baked beans and all kinds of army rations. Five tables will extend the whole length of the hall, and some twenty or twenty-five of our young ladies, under the direction of those of mature years, will officiate as waiters, Arrangements will be made to feed at least three hundred at one time. The beans will be baked in the ground, under the charge of an accomplished artist. After the supper there will be toasts and responses by eminent men of this State and Massachusetts. Comrade Daniel Staples of H. F. Safford Post, will act as Toast Master, and among those who will be called upon for responses are Capt. H. L. Wood, of Dexter; Comrade S. C. Small, of Boston; Hon. A. G. Lebroke, of Foxcroft; Hon. Josiah Crosby, of Dexter; Major C. C. Emery, of Massachusetts; Col. Eben Hutchinson, of Massachusetts; Col. T. W. Porter, of Boston; Capt. C. A. Boutelle, of Bangor; Col. J. B. Peakes, of Dover.

These excercises will be inter-persed with music by the Maplewood Band, of Massachusetts, and Dexter Band. Spectators will be admitted to the gallery, on tickets which secure their seats, and spectators to the Ball the next evening will be admitted in the same way; and it has been the endeavor of all the committees to so perfect the arrangements that no hitch will be likely to occur. The resident Veterans are all looking forward to the camp-fire with a good deal of pleasant anticipation, and we trust it will also prove an affair long to be remembered by the visitors who are in attendance.

Wednesday forenoon at 9 o'clock, the association will hold its regular business session, and at 11 o'clock there will be a parade through the principal streets of the village, in which the visiting Veterans, H. F. Safford Post, Dexter Light Infantry, and Dexter Fire Department will participate, music to be furnished by the Maplewood and Dexter Bands. At 1 o'clock a dinner will be served at Town Hall, when an address of welcome will be delivered by Hon. Josiah Crosby, of Dexter. At the dinner there will be an oration, brief address, etc.

In the evening will occur the grand military and civic ball, which will be preceded by a promenade concert by the bands. Music for the dancing will be furnished by Bond & Dunbar's orchestra, of Boston. The floor managers will be Quartermaster S. C. Small, Capt. A. P. Fassett, Capt. J. D. Maxfield, Comrade W. H. Durgin, Col. G. M. Atwood, Lieut. William Gillespie, Surgeon Elisha Hopkins. It is confidently expected that the affair will be a very brilliant one.

Besides those who come as members of the 14th and 24th Infantry, and Second Maine Cavalry Association, the Maine Veteran Association, of Massachusetts, will also be well represented at this reunion. We hope to see a good number of the "boys" here from Bangor.

FIRE.

This forenoon a fire alarm was sounded and it was found that a set of farm buildings on the road leading over Bryant's Hill were being burned. The department was out promptly, but before they could get to the scene, word was given that their services would not be needed, as the buildings were nearly destroyed. They were owned by Mr. H. I. Safford and occupied by Mr. William Brawn. The buildings were worth only a few hundred dollars, but in the barn there were about twelve tons of hay, four or five tons of straw, a pair of nice cart wheels, etc., were burned. Only a very little was saved from the house. Mr. Brawn is a poor man, with four or five children, but had things fixed up rather comfortable and I am told they had just got more than a usual supply of provisions on hand. The neighbors will undoubtedly render him assistance.

THREE BUILDINGS FALL.

Quite an excitement was caused here last Saturday forenoon by the foundation giving way under three wooden buildings, when they were all summarily dumped into the stream which flows beneath them.

In two of the buildings, the lower stories were used for storage purposes, and the upper rooms respectively for glazing and painting shops. One of the buildings was used entirely by Mr. George Bunker, in the manufacture of clothing, coloring, etc., with the front room of the lower floor as a grocery store. There were four persons in this building when it went down. Only one, however, Mr. George Smart, was on the lower floor, and he immediately found himself in some three feet of water. He was not hurt, with the exception of a slight sprain of one of his fingers, as he was hurled against the side of the room. Mr. Bunker was standing in the outside door when the building started, and he immediately sprang across the broad platform in front of the street which he reached just as the platform fell into the stream. Mr. Samuel Eldridge had just come down the stairs between his sash factory and the glazing room when the whole thing went down with the buildings, and it was a very narrow escape that he was not crushed. The theory is that the frost has been operating upon the foundation of these buildings for a number of years, and finally resulted in their downfall. It is very fortunate indeed that no one was injured by the accident.

SUSPICIONS.

It is reported that Mr. Gordon's barn was set on fire and it is rumored about town to-day that the supposed incendiaries, or a part of them, are in custody, but I have no positive information on the subject.

THE CAMPAIGN.

Meeting at Sebec.

Editor of Whig and Courier

There was a large gathering of people at Sebec Saturday evening to listen to addresses from Hon. A. G. Lebroke and Col. J. B. Peaks. Taylor's Cornet Band was in attendance, and enlivened the occasion with some fine music. The Piscataquis Veterans, Co. H, Capt. E. S. Ireland, contributed to swell the audience and fill the house. It is but justice to them to say that, considering the recent formation of the company, they displayed excellent discipline. A collation was prepared for the Band and the Company.

The addresses were listened to with intense interest by an audience anxious for the welfare of our country, and desirous of knowing the truth Col Peaks addressed us on the finances of the country, and showed a thorough acquaintance with his subject. He exposed many of the sophistries, fallacies and falsities of the Greenbackers and Democrats. And Mr. Lebroke, in one of his most powerful, eloquent and pungent speeches, warned us of the disasters which would inevitably befall our country, should the South, aided by their friends and faithful allies, the Northern Democrats, once more obtain control of the Government.

There was much enthusiasm manifested on the occasion, and we feel assured that meeting has resulted in opening the eyes of many who were not wilfully blind to the truth, and of strengthening some who were wavering in their opinions.

Consistency?

Mr. Editor Is it consistent for a prominent Greenbacker who believes in fiat money, who says that whatever the government puts its stamp on is a dollar and as good as gold, to oblige those who borrow money on mortgages, etc, to agree to pay in gold or its equivalent, by embodying the clause in the note or mortgage, as a prominent one is doing? D.

Nominations

The Republican Class Convention for Western Piscataquis was held at Abbot Village last Saturday. Alvin Gray, of Monson, was nominated by acclamation as candidate for Representative to the Legislature.

The convention was addressed by Hon. Ephraim Flint of Dover and Judge Humphrey of Bangor, who delivered able and elaborate addresses upon the financial questions. Both speeches were eloquent and interesting and were received with enthusiasm by the audience.

L. C. Stearns, of Springfield, was nominated for Representative by the Republicans at that place, on Saturday, and Francis Babcock, of Lincoln Centre, at Mattawamkeag the same day.

Meeting at Burlington.

The Republicans of Burlington held a meeting Saturday evening, which was called to order by Andrew Page, Esq., who nominated Geo. H. Miller, Esq., as Chairman. Mr. Miller made a few remarks and then introduced Capt. McIntyre who spoke for an hour and fifty minutes, on the leading issues of the day, holding the strict attention of the large audience until the close. A drunken Greenbacker from East Lowell, attempted to disturb the meeting, but was suppressed.

Mass Meeting at Springfield.

At the close of the Class Convention at Springfield last Saturday, a rousing mass meeting was held in the Congregational church. There was a very large audience in attendance. Col. Shepard Bean, of Lee, presided, and introduced the speakers, Hon. E. B. Nealley, and Hon. T. B. Reed. Both gentlemen delivered powerful addresses, and were frequently interrupted by applause.

Meeting at Bradley.

Union Hall, Bradley was crowded last evening with a very appreciative and enthusiastic audience to receive Hon. T. B. Reed. The hall was very elaborately decorated with flags, and the stage loaded with a profusion of flowers and plants, in the arrangement of which fine taste was displayed. Previous to the meeting the Bradley Band discoursed some fine music in front of and in the hall. The meeting was called to order by James J. Norris, Esq., who introduced A. E. Perkins, Esq., as Chairman. Mr. Perkins returned his thanks for the honor and introduced Congressman Reed, who delivered one of his characteristic speeches, sparkling with the most refined wit and irresistable in logic. Mr. Reed confined his remarks to the financial question and held the undivided attention of his audience for an hour and a half. The meeting closed with cheers for the speaker and Corporal Davis. The meeting was a grand success and was undoubtedly the largest ever held in the town, the audience numbering from five to six hundred.

Some More Discoveries in the White Mountains.

The White Mountain *Echo* of Saturday contains an account of an exploration of the New Zealand notch between the White and Franconia ranges. The route taken by the exploring party was up New Zealand river past New Zealand pond Several new features are announced, the most important being the practibility of the route for a railroad from Saco river to the Ammonoosuc via Sawyer's river and New Zealand notch. A natural road bed runs through the latter twenty-five or thirty feet wide. The scenery along the whole course is grand and beautiful. While on the way to New Zealand pond the party came to a comparatively unknown fall, triple in character which they named "Hastings' Falls." They are said to be quite picturesque, and within half a day's journey of the Twin Mountain House The exploration of this notch was an undertaking difficult and arduous in the extreme. It opens up a new district to the attention of capitalists, particularly as the region contains the finest timber in the country.

IN THE RAIN.

BY REBECCA R. PIERCE.

Out in the heavy rain, to-day,
Upon the elm which standeth near,
A robin sings his roundelay,
A grateful song of cheer

Lightsome and gay on buoyant wings,
He cleaves the air in rapid flight,
And gladsome is the song he sings,
As when the days were bright.

By happy instinct he doth know
God's mercies never come too late,
And while the heavy clouds hang low,
Content doth trust and wait.

A needful lesson 'tis to me
Who sit apart in gloomy thought,
And all unthankful fail to see
The mercies God hath wrought.

For when my heart with joy is light,
And hope soars high on buoyant wing,
And everything is fair and bright,
Then, only, do I sing

Sunshine is but of life a part,
For earthly joys are mixed with pain
And God loves best the cheerful heart,
That sings amid the rain

SAD RESULTS

Traced to Overworked Minds and Bodies.

SUICIDES, NERVOUS PROSTRATION, PARALYSIS.

Heart Diseases and Sudden Deaths.

One after another of the great men of the nation are falling and most of them in middle life, all victims to overwork. Can we afford to lose such men? Those men died of nervous prostration in the midday of their usefulness, and in the last year how many business men and women have suddenly fallen out of the ranks either into an timely graves or to a worse fate The business men of the nation are killing themselves by overwork of mind, if not of body and we call it "nervous prostration The middle class is suffering in the same way Overwork, the pressure of the times, worry, fret and anxiety, are rendering us a weak and suffering generation No man would commit suicide if his nervous system was in a state of perfect health. It is inevitably the result of nervousness in some form or other Now, is it not time that we, as a people, should seriously examine into this matter, and seek a remedy if one can be found? The nervous system must be sustained and built up in proportion to its waste and disintegration or we must suffer The facts prove that this waste is not supplied by our ordinary diet and living The refined manner of living now does not give to us in our food enough of nerve food or enough of that which goes to make nerve matter, to meet the demand made upon the nervous system, and the result is nervous prostration paralysis, apoplexy, despondency, neuralgia, headache, sleeplessness and premature death We all know that these are facts, and acknowledge the importance of a remedy Now, with all professional candor, I can say, after years of experience in their use, and sustained by the testimony of many thousands in this city and elsewhere, that my CELERY AND CHAMOMILE PILLS do and will supply this needed material to the nervous system They are a nerve food Their first effect is to promote digestion, thereby curing dyspepsia, secondly, they enter into the nervous fluid and create nerve matter, and in this way permanently cure nervous prostration, despondency, headache, neuralgia, nervousness etc by removing the causes of these diseases and securing the system against paralysis and apoplexy, etc. They contain no opium or morphia, nor any narcotic whatever, and can safely be used for any length of time—The extract of celery is the great nerve maker, and the extract of chamomile the great promoter of digestion and nervous sedative, but their combined effect is wonderful, indeed, curing cases that have resisted all other treatment, even by the best of physicians Anybody and everybody, I don't care who they are, would be improved by taking one of these pills after breakfast and dinner for a while People that want a clear complexion and smooth skin free of disease, must keep their nervous system in a healthy state Domestic care and business anxiety often make quite as serious inroads upon the nervous system as the higher order of mental work, and thousands of people are eking out a miserable existence suffering from nervous weakness and sick and nervous headache that could be perfectly cured by availing themselves of this remedy It is certainly worth a trial in every case The claims of this preparation are recognized by the profession, I am glad to say, and largely used and recommended by them And why should it not be so? It is not a patent medicine. It is the result of my own experience in the practice of medicine As to my professional standing I will let the following letter from Prof Samuel Chew, Sr , speak. Respectfully,

ST. NICHOLAS,

Scribner's Illustrated Magazine

FOR GIRLS AND BOYS.

AN IDEAL CHILDREN'S MAGAZINE.

Messrs. SCRIBNER & Co , in 1873, began the publication of ST NICHOLAS, an Illustrated Magazine for Girls and Boys, with Mrs. Mary Mapes Dodge as editor Five years have passed since the first number was issued, and the magazine has won the highest position. It has a monthly circulation of

OVER 50,000 COPIES.

It is published simultaneously in London and New York, and the transatlantic recognition is almost as general and hearty as the American. Although the progress of the magazine has been a steady advance, it has not reached its editor's ideas of best, because her ideal continually outruns it, and the magazine as swiftly follows after To-day ST NICHOLAS stands

Alone in the World of Books:

The New York *Tribune* has said of it "ST NICHOLAS has reached a higher platform, and commands for its service wider resources in art and letters than any of its predecessors or contemporaries" The London *Literary World* says "There is no magazine for the young that can be said to equal this choice production of Scribner's press"

Good Things for 1878--9.

The arrangements for literary and art contributions for the new volume—the sixth—are complete, drawing from already favorite sources, as well as from promising new ones. Mr Frank R. Stockton's new serial story for boys,

"A JOLLY FELLOWSHIP,"

Will run through the twelve monthly parts,—beginning with the number for November, 1878, the first of the volume,—and will be illustrated by James E Kelly The story is one of travel and adventure in Florida and the Bahamas For the girls, a continued tale,

"Half a Dozen Housekeepers,"

By Katharine D Smith with illustrations by Frederick Dielman begins in the same number, and a fresh serial by Susan Coolidge, entitled "Eye bright, with plenty of pictures, will be commenced early in the volume There will also be a continued fairy tale called

"Rumpty Dudget's Tower,"

Written by Julian Hawthorne, and illustrated by Alfred Fredericks About the other familiar features of St. Nicholas, the editor preserves a good humored silence, content, perhaps to let her five volumes already issued, prophesy concerning the sixth in respect to short stories, pictures, poems, humor instructive sketches and the lore and lore of "Jack in the-Pulpit" the "Very Little Folks department, and the "Letter box," and "Riddle-box

To the Honorable Judge of Probate for the County of Penobscot.

The undersigned, Executor of the Last Will and Testament of Mason Skinner late of Garland, in said County, deceased, respectfully represents that certain real estate to wit a parcel of land in said Garland, being a part of lot No 4 in the first range of lots in said town, is a part of the estate of the deceased which was held by said deceased in a mortgage to him from Alonzo F Bachelder recorded in the Penobscot Registry for deeds Vol 402, page 70, which mortgage was foreclosed and the foreclosure recorded in same Registry of Foreclosures, Vol F, page 383, that it will be more for the benefit of the parties in interest that said land should be sold by the said executor and the money distributed as in other cases of personal estate rather than distributed in the manner provided by law for the partition of real estate

Wherefore your petitioner prays that you will order said land to be so sold that the money may be so distributed
